## Spot-on Location Tracking

Performance Monitoring Powered **AGIS**

**Tracking System**

Location Query

Track by Time or Distance Interval

View Location on Map

Query location of your vehicle by sending SMS to your vehicle

To: +65 96596972  
Text: Where are you?

Get updates on the location of your vehicle every few minutes or few Kilometres travelled

To: +65 96596972  
Text: Report Time 5

The SMS response from the device provides you a map URL link.

From: +6596566972  
Text: <http://maps.google.com/maps?q=1.351580,103.842278> (1m) APS Inet Bldg [49 Jalan Pemimpin Singapore 577203]

**Location Based Services**

SOS Feature

Send Location

And in the event you are in distress or in an emergency situation, simply press on the SOS button to alert your family members or friends. Your location would be provided in the SMS for them to come to your rescue

You can also send your location to another family member or friend with a similar device! And likewise, if your family member or friend sends you his/her location, you can route to that location!

## Tracking on Computer via GPRS Signal
